

## GM4560 RECIPROCATING SAW

### Tool-less Blade Change

For fast blade installation and removal with longer stroke cutting performance

### Adjustable Base Design

Allows to modify the depth and angle for flush cutting and increased versatility

### Soft Grip Handle

For increased comfort and control

### Variable Speed Trigger

For precise cutting in a wide variety of applications

### Variable Speed Dial

6-settings for accurate cutting through various materials

### SCOPE OF DELIVERY

- GM4560 Reciprocating Saw
- Saw Blade
- Carbon Brush

### SPECIFICATION

Power Source	Corded
Voltage	220V
Power Input	1300W
No Load Stroke Rate	2900 SPM
Stroke Length	30 mm
Max. Cutting Capacity (Wood)	255 mm
Max. Cutting Capacity (Steel Sections & Pipes)	130 mm
Weight	3.8 kg
